Dear Dr. McCauley,

sometime ago I corresponded with you on the possibility of obtaining a training grant but I did not pursue the matter further for various reasons. I am now in a better position than before to make this application, but I am afraid the application forms and instructions which you sent me in 1961 are out of date.

I would be grateful if you could send me a new set of research training grant application forms and informational material.

Yours sincerely

L.L. Cavalli-Sforza
Professor of Genetics
